

Match in two days, so the running gets shorter and nothing new goes in.

ON THE GROUND

- 10 cones, one loop about 25 by 12 metres
- A ball each

Set it up before the first group arrives and leave it for all three.

One loop about 70 metres round, everybody running the same way

Talking pace, and the question that checks it

0 to 2 Wake up game: traffic in the box

- Everybody moving inside the loop, and nobody stops for the whole two minutes.
- Call the way they move: "jog", "sideways", "backwards", "skip", "big steps", "jog".
- Change the call about every fifteen seconds. Keep the pace easy.

2 to 10 Movement: the loop with a ball

- Two goes of ninety seconds at talking pace, with a ball in hand, two minutes walking between.
- Same rule as Tuesday. If he cannot answer you, he is going too hard.
- Two goes tonight, not three. There is a match on Saturday.
- Walk the full two minutes between them. Do not cut it short.

10 to 17 Finish: no challenge game

- One last go of sixty seconds at talking pace, then stop.
- Walk one lap of the loop together, talking.
- Ask two boys: "Could you still talk on that last run?"
- Hand them on. They should leave fresher than they arrived.

Coach one thing: Nothing. Ask the talking question and listen to the answer.

- Any boy who is quiet and red faced. He is going too hard and will not say so.

Lashing rain. No change. Nothing tonight goes on the ground.
