

The most important theme of the autumn. Most injuries at this age come out of a bad stop and nobody teaches it.

ON THE GROUND

- 18 cones: six lanes, stop line at 10 metres, 5 metres of run off
- A hurl each

Set it up before the first group arrives and leave it for all three.

Six lanes with the stop line at 10 metres and 5 metres of run off

0 to 2 Wake up game: traffic lights

- They run inside the grid.
- "Green" is run. "Red" is stop dead and hold still. Anyone still moving after red does ten fast steps on the spot.
- Seven or eight calls, and make some of the greens only two seconds long.

2 to 10 Movement: two steps to stop

- The middle cone is the stop line. The five metres past it is room to run off, not somewhere to keep going.
- The rule all theme: "Two steps to stop. No more, and no falling over the line."
- 1. "Run at the line." 2. "Last two steps, sink down." 3. "Knees bend, backside back, chest up." 4. "Hold still."
- Eight waves walking, then eight waves jogging. Nobody runs at it tonight.

10 to 17 Challenge game: stop on the number

- As each wave runs in, hold up a number of fingers where they can see you.
- They stop on the line and shout the number back.
- If nobody gets it they were watching their feet. Ten or twelve waves.

Coach one thing: Straight legs at the stop. It should look like sitting down into it.

- Stopping upright and stiff. Stop the lane and show it again.
- Count the two steps out loud with them. Two, not five.

Lashing rain. Wet grass makes them skid. Move the stop line in a metre and keep it at walking and jogging pace.
