

The hurdles come out, low ones only. Match in two days, so the numbers stay small.

ON THE GROUND

- 12 cones, six lanes
- 6 mini hurdles, 15 cm, one in each lane
- A ball each

Set it up before the first group arrives and leave it for all three.

A mini hurdle in the middle of each of the six lanes

0 to 2 Wake up game: jump the line

- Every boy stands on one of the lane lines, side on, feet together.
- Call "over" and "back". They jump the line and land silent each time, no pause.
- Then call it faster. Then call forwards and backwards over the line instead. Two minutes.

2 to 10 Movement: over the hurdle

- One mini hurdle in the middle of each lane. Waves of six.
- Jog in, jump the hurdle with two feet, land on two feet, and hold it for two seconds.
- Ten waves. He walks on only after he has held the landing.
- Five of the ten with a ball in hand, because that is what Saturday looks like.
- If a boy will not take off, take the hurdle away and let him jump a line on the grass.

10 to 17 Finish: three goes each

- Five more waves over the hurdle at their own pace.
- Walk them in and ask two boys what makes a landing quiet.
- Hand them on. Match on Saturday.

Coach one thing: Nothing. Listen from the side of the lanes.

- A boy landing stiff and loud with a ball in his hands but quiet without it.

Lashing rain. Hurdles on wet grass slide. Push them into the ground, and if they still move, take them away and jump a line.
