

Match in two days, so the running gets shorter and nothing new goes in.

ON THE GROUND

- 10 cones, one loop about 25 by 12 metres
- 25 discs inside the loop
- A ball each

Set it up before the first group arrives and leave it for all three.

One loop about 70 metres round, everybody running the same way

8 to 13 Body shape: the plank

- A disc each. Fifteen seconds, rest, three times.
- On the third one, lift one hand off the ground for five seconds, then the other.
- If his hips swing when the hand comes up, he was not tight to begin with.

13 to 17 Finish: no challenge game

- Walk one lap of the loop together, talking.
- Ask two boys: "Could you still talk on that last run?"
- Hand them on. They should leave fresher than they arrived.

0 to 2 Wake up game: traffic in the box

- Everybody moving inside the loop, and nobody stops for the whole two minutes.
- Call the way they move: "jog", "sideways", "backwards", "skip", "big steps", "jog".
- Change the call about every fifteen seconds. Keep the pace easy.

2 to 8 Movement: the loop with a ball

- Two goes of ninety seconds at talking pace, with a ball in hand, two minutes walking between.
- Same rule as Tuesday. If he cannot answer you, he is going too hard.
- Two goes tonight, not three. There is a match on Saturday.

Coach one thing: Nothing. Ask the talking question and listen to the answer.

- Any boy who is quiet and red faced. He is going too hard and will not say so.

Lashing rain. The plank becomes the sit, held for twenty seconds.
