

The hardest night of the autumn. Full speed into the stop, and the strictest you will be all year.

ON THE GROUND

- 18 cones: six lanes, stop line at 10 metres, 5 metres of run off
- 25 discs
- Hands free

Set it up before the first group arrives and leave it for all three.

Six lanes with the stop line at 10 metres and 5 metres of run off

0 to 2 Wake up game: statues

- They run inside the grid. Call the name of a shape they know: sit, plank, big step, bow.
- Then shout "statue". Every boy stops dead and holds that shape where he stands until you say go.
- Six goes. Change the shape each time and hold each one for five seconds.

2 to 8 Movement: full speed into the stop

- Two waves jogging to warm the stop up, then the rest at full speed.
- The rule does not change because the speed did. Two steps, chest up, hold still.
- Six waves. Any boy who cannot hold it goes back to jogging for the rest of the night. No argument.
- This is the strictest thing in the whole autumn and it is the one worth being strict about.

8 to 13 Body shape: the bow on one leg

- A disc each, one hand on a partner's shoulder for balance.
- Stand on one leg, push the backside back, and let the other leg go straight out behind.
- Five each leg. Most will wobble and that is fine. Back flat is the only rule.

13 to 17 Challenge game: stop and go again

- He runs in, stops on the line, and holds.
- Then you call "left", "right" or "back" and he goes that way for five metres.
- Six waves. Now the stop has to be balanced enough to move out of, which is what a match asks for.

Coach one thing: Two steps, at full speed, or he goes back to jogging.

- Boys drifting over the line. The run off is not a place to keep running.
- The pace goes up tonight. It never goes up on a Thursday.

Lashing rain. Keep it at jogging pace all night and do not apologise for it. A hard stop on wet grass is how ankles go.
